Miss Jacobs and Mr. Pryor got together an exhibit for Fayette county at the Tri State Fair and did credit to themselves and the county, altho they work almost alone in this matter. The exhibit was creditable, even under these adverse circumstances, and we all owe them appreciation for the effort they put forth.

Register J. W. Matthews and family moved last week into their new residence just completed on South Main street and T. C. Clarke who comes here to superintend the digging of the Locust hatchie drainage canal has rented the Lipsky cottage vacated by Mr. Matthews and will very soon move his family to it.

The quarterly county court of Fayette county will meet in regular session at the court house in this city on next Tuesday, October 4, that being the day for the regular meeting. The docket has not yet been made up, but the best information that can be had is that nothing out of the regular routine of business will be before the court at this session.

The Falcon learns with regret of the death Tuesday night of Mrs. G. B. Baskerville of the fourth district which occurred at her home after a lingering illness of many weeks. She was one of the county's oldest and most esteemed women, and is survived by her husband, Rev. G. B. Baskerville, and a number of children, all grown. Burial was at Stanton, Wednesday. The Falcon requests a more detailed notice of her life and passing be sent us for next week by the family or friends who know.

Lumber for sale at our mill three miles up the North Fork Creek from Pattersonville. Austin Brothers, P. O. Grand Junction. 10-7

George Day, son of Mr. and Mrs. W. G. Day, received a very painful wound Wednesday afternoon while working at the Central Oil Mill gin in this city when his hand was caught in the gin saws and was terribly lacerated almost to the elbow with the worst injuries to his hand. It was thought that the injury would cause the loss of one finger, but the latest word we had after the wounds were dressed indicated that the entire hand would probably be saved.

The Falcon editor had the pleasure this week of seeing the hundred head of grade Jersey heifers brought to Somerville a few days ago by J. P. Bowers, H. P. Stainback and W. M. Mayo, for re-sale to the farmers of the county. These heifers are all said to be bred by the best of registered bulls and bred to other registered bulls, so that the offspring will be splendid dairy stock. In the lot to be offered at public sale on October 6 are some splendid specimens of Jerseys, and farmers intending to enter dairying will have a good opportunity to get a better type of dairy cows than this county has ever had offered before.

All things are set for the Democratic Primary Election which is to be held throughout the county tomorrow. Candidates have been stirring recent weeks and they go to the actual voting with much confidence, each claiming a fair chance of success and some assuring their friends that their election is sure. Six candidates in the Register's race are J. W. Matthews, present incumbent serving his seventh year, Richard Ogier, G. W. Locke, M. D. Boyd, C. M. Reames and R. C. Bobbitt. The two candidates for Trustee are J. T. Jordan serving his fourth year, and J. N. Clay. The two candidates for County Court Clerk are C. W. Crawford, present incumbent now serving his twelfth year and A. G. Murrell of Oakland. Voting begins at 9 a. m. Saturday, October 1, and closes at 4 p. m. and the result should be determined by 8 p. m. the same day.

Anent the Falcon's editorial of last week placing a res upon Somerville's need of a first class black-smith and woodworking shop, word was sent us this week by a white citizen of the county experienced in such work that he and an associate had already about perfected plans to operate such a shop here next year, and assured us that every effort would be put forth to conduct such a business in that line as would merit the support and patronage of the people. The public who is accustomed to have business in such lines will welcome this information, for the reason that the long suffering thru which they have gone for years for want of such an institution has worn out their patience. It is good and comforting to feel assured of the early establishment of a first class shop to be run on business lines.

The 1921 State and county taxes be come due and payable on October 1, the tax books are waiting on report from the State Tax Commission in Nashville and taxes can not be paid until that report is received. The county authorities completed their work on the tax assessment in July and sent the papers to Nashville for approval of the State Board of Equalization. That board has until October 1 under the Roberts Tax Law to pass upon these figures and report to the County. Then the County Court Clerk must have time to make out the tax books before collections can start. The work of the County Court Clerk has gone as far as it can until the report from Nashville is received, and all the figures of valuation and rates must be put in after the Nashville report comes. This work will require at least 30 days and it now appears that the tax books can not be placed in the hands of the Trustee before November 1.

Election Returns will be received and announced the night of October 1 at Harvey Morris' Fountain. Visitors are welcome and will be made as comfortable as possible. adv. 9-30

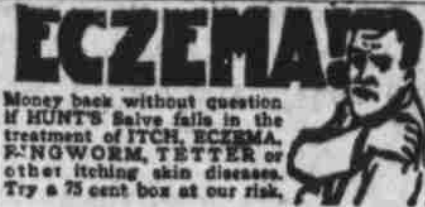

## VIENNA DEATH RATE BECOMES APPALLING

Condition of Children Even More  
Harrowing, Declares Authority,  
on City's Desperate Plight.

Five years of famine have resulted in greatly increased mortality and morbidity in Vienna which before the war was counted as one of the healthiest cities in Europe. Figures prepared by Dr. Gustave Bohn, head of the Vienna Health Department, show that in 1913 the death rate was 15.3 per thousand. In 1918 the rate was 22.5 per thousand, an increase of more than 47 per cent.

Professor Hans Spel of the University of Vienna, says that "even more terrible than the mortality statistics are those referring to the condition of children and their mothers. Owing to under-nourishment few mothers can nurse their babies, and the milk shortage affects not only infants, but all children in spite of all that has been done to help. At Professor Clemens Pirquet's clinic in the university some 54,849 children were examined in 1918. Only 4,637 of these or about one-thirteenth were passed as skin good, fat good; 23,609 were pale and thin, or very pale and very thin.

"The health of these children shows most disquieting features. Skin disease, rickets and Barlow's disease are rife. "The chief medical officer of Vienna asks, 'What is going to happen to these under-fed children, in whose bodies the germ of tuberculosis is latent, when they reach the twenties, at which time it becomes active?'"

## MAKE WORK EASIER

Somerville People are Pleased  
to Learn How it Has Been  
Done

It's pretty hard to attend to duties With a constantly aching back. With annoying urinary disorders. Doan's Kidney Pills have made work easier.

So thousands have gratefully testified, They're for bad backs. They're for weak kidneys. Somerville people gratefully recommend

Doan's. Ask your neighbor. Mrs. W. J. Harvey, N. Covington St., Somerville, says: "I have been subject to kidney trouble ever since childhood. I have suffered a lot with pains through the center of my back and it would be hard for me to get through my housework. I had a stinging sensation in my hands and arms, my blood didn't circulate, and I would have shortness of breath. My kidneys didn't act right at these times, either. I was advised to try Doan's Kidney Pills and got a box and began using them. I was completely cured, and highly recommend this medicine." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Harvey had. Foster Milburn Co., Mfgs. Adv.
